

Eucharistic Homily

2/4/18

The story of Jesus healing Peter's mother-in-law (Mark 1:29-39) is an excellent illustration of what happens every Sunday when we gather for worship.

Jesus comes among us who are weak and wounded and weighed down by sin, and He raises us up for service. In worship each Lord's Day, God forgives us, speaks His word to us, nourishes us at His Table, and then sends us out with His blessing to be a blessing to others.

Jesus serves us here, so that we can serve our neighbor out there. Jesus gives Himself to us at this Table so that we can give ourselves for others.

If you're hurting or weary or weighed down by sin, come receive the grace of Jesus at His Table. Let Jesus minister to you his peace.

All who have been baptized into Christ and seeking to live faithfully and obediently for Him are welcome to partake of this banquet Christ has prepared for us.
