

Eucharistic Homily

Fourth Lord's Day in Lent

March 19, 2023

The Lord's Table reminds us that our triune God, who is the essence of hospitable in His very nature, has extended to us the costliest hospitality of all.

While we were still rebellious sinners, Christ came and died for the forgiveness of our sins. While we were still enemies, Christ laid down His life to reconcile us to God. While we were still unlovable, Christ died to make us lovely.

This Lord's Supper shows us the Lord's extravagant hospitality to us, and this Lord's Supper is the model for us to imitate. The Lord fills us up at His Table so that we can give ourselves to one another at our tables. Christ has poured Himself out to fill us up with His love, so that we can pour ourselves out to fill others up with His love.

If you've been baptized, then come feast with your Lord in faith and thanksgiving.
